NOTES:						

A full-page background image of a tree trunk with a calendar overlay. The tree trunk is oriented vertically, showing a rough, textured bark with various shades of brown, tan, and grey. The texture is highly detailed, with visible grain and some small holes or knots. The calendar is a grid-based calendar for the month of March 2027. It is positioned in the upper half of the image, with the title 'MARCH' in large, bold, black capital letters at the top center. Below the title is the year '2027' in a smaller, bold, black font. The calendar grid has seven columns, one for each day of the week: SUNDAY, MONDAY, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY, and SATURDAY. The days are listed in a smaller, bold, black font above each column. The grid contains numbers for the days of the month. The first row shows days 1 through 6. The second row shows days 7 through 13. The third row shows days 14 through 20. The fourth row shows days 21 through 27. The fifth row shows days 28 through 31. The last row of the grid is labeled 'NOTES:' in a bold, black font, followed by a large, empty rectangular area for writing. The calendar grid is white with black borders, and the numbers are in a bold, black font. The overall design is clean and modern, with a natural, rustic background.

NOTES:						

A full-page background image of a tree trunk with a calendar overlay. The tree trunk is oriented vertically, showing a rough, textured bark with various shades of brown, tan, and grey. The texture is highly detailed, with visible grain and some small holes or knots. The calendar is a grid overlaying the right side of the image. It has a white background with black text and thin black grid lines. The title 'MARCH' is at the top in large, bold, black letters, with '2027' below it in a smaller, bold, black font. The days of the week are listed in a row above the grid: SUNDAY, MONDAY, TUESDAY, WEDNESDAY, THURSDAY, FRIDAY, and SATURDAY. The grid contains numbers 1 through 31, representing the days of the month. The numbers are placed in the cells corresponding to the days of the week. For example, '1' is in the MONDAY column, '7' is in the SUNDAY column, and '31' is in the WEDNESDAY column. The last row of the grid is labeled 'NOTES:' on the left side, followed by a large empty space for writing.
